

Defense Transformation Institute

*presents*

*Joint Base San Antonio  
Sustainable Energy Workshop*

*Keynote Speaker:*

*Brig. Gen. Len Patrick, USAF, Commander, JBSA*

**Wednesday, June 9, 2010, 8:00 a.m. to 5:00 p.m.**

**Pearl Stable, 307 Pearl Parkway, San Antonio, TX**

*The Defense Transformation Institute (DTI) will host a workshop to assist Joint Base San Antonio (JBSA) in securing its energy future. JBSA is committed to using alternative and sustainable sources of energy to comply with Presidential mandates and the Air Force's Energy Plan. Achieving this goal will require collaborative innovation between the community and the military.*

**To register, or for more information about the workshop & sponsorship opportunities, visit our website at**

**[www.SustainableEnergyWorkshop.com](http://www.SustainableEnergyWorkshop.com)**

**Admission (includes breakfast, lunch, and afternoon reception):  
Government rate--\$15/person, non-government rate--\$35/person**

*Objectives:*

- Introduce the new Air Force energy plan driven by President Barak Obama's executive order
- Partner with the community, municipal utilities, and commercial energy leaders to explore solutions for JBSA

*Topics for discussion:*

- DoD Energy Policy and Sustainability Goals
- JBSA actions to meet energy goals
- The role of partnerships with JBSA installations
- JBSA infrastructure privatization plan
- New technologies and approaches
- Collaborative innovation
